

Devoting ourselves to Jesus' heart

Anyone who has attended a Catholic school will recall seeing images of the Sacred Heart of Jesus on classroom walls. Along with pictures of Our Lady, most classrooms include a depiction of the Sacred Heart. But what exactly does it mean and what's its significance today? The Church says the Sacred Heart represents the divine wellspring of love, the source from which flows an abundance of compassion, mercy, and grace. It is the heart that symbolises the core of Christ's message – love God above all and love your neighbour as yourself. In a world often marked by division and discord, the Sacred Heart reminds us that the power of love can mend what is broken, heal what is wounded, and restore what is lost. June is traditionally the month that Catholics honour the Sacred Heart, and the Feast of the Sacred Heart of Jesus was officially observed last Friday.

This Feast is important to Fr Krupa as the Order to which he belongs is the Missionaries of the Sacred Hearts of Jesus and Mary. You might like to keep Fr Krupa in your prayers especially this June.
